

Cast film - CA258

SML CAST COEX 7

Year: 2008

Number of layers: 7

Material: Stretch film LLDPE

Film width (mm): 2500

Output (Kg/h): Nominal capacity 4600 kg /h Max net capacity at rewinder 2750 kg/h .

Extruder 1 Layer ref: : A

Screw diam 1: 75

Description 1: Gravimetric dosing units 4 components make Doteco, hydraulic screen changer. AC motors

Extruder 2 Layer ref: : B

Screw diam 2: 75

Description 2: Gravimetric dosing units 4 components make Doteco, hydraulic screen changer. AC motors

Extruder 3 Layer ref: : C

Screw diam 3: 75

Description 3: Gravimetric dosing units 4 components make Doteco, hydraulic screen changer. AC motors

Extruder 4 Layer ref: : D

Screw diam 4: 90

Description 4: Gravimetric dosing units 4 components make Doteco, hydraulic screen changer. AC motors

Extruder 5 Layer ref: : E

Screw diam 5: 75

Description 5: Gravimetric dosing units 4 components make Doteco, hydraulic screen changer. AC motors

Extruder 6 Layer ref: : F

Screw diam 6: 75

Description 6: Gravimetric dosing units 4 components make Doteco, hydraulic screen changer. AC motors

Extruder 7 Layer ref: : G

Screw diam 7: 75

Description 7: Gravimetric dosing units 4 components make Doteco, hydraulic screen changer. AC motors

Head description: Automatic thickness profile control via thermal bolts. Internal deckling system,

Die width (mm): 3100 mm with Internal deckling

Chill roll unit: Double chill roller

Thickness control system: Automatic thickness control system. double thickness gauge type with beta rays by Electronic System.

Web guide: Oscillating frame

Rewinder max reel diameter (mm): max single reel weight 80 Kg

Rewinder description: Winder for machine rolls

Additional Information:

Nominal capacity 4600 kg /h

Max net capacity at rewinder 2750 kg/h

Thickness range 12- 70 micron

Complete recycling system including :

3 Kongskilde exhaust for edge trims

EREMA recycling regranulation unit

Additional extruder. 8 for recycled material supplied by Erema unit .

Provision for edge encapsulation .

Complete end of the line rolls handling and palletizing
